

The total solution for resident safety

The RoamAlert® system is your choice for comprehensive resident protection, with wander management, resident locating and more.

- **Reliable wander management:** proven FM technology with a hard-wired network
- **Expanded resident protection:** add resident locating, emergency call, fall alarm integration, and remote alarm notification
- **Easy systems integration:** compatible with a wide range of systems, including nurse call and access control

Securaband™ tag

The industry's toughest resident tag
