

Give her the confidence to stay on the move

Effective & affordable resident call systems

The MyCall® resident call system provides assisted living and other senior care facilities with an easily implemented solution to enable residents to call for help from anywhere within the facility.

- **Personal coverage:** call for help from anywhere
- **Proven technology:** built using wireless technology with a proven track record
- **Easy retrofit installation:** most components are wireless or use standard Ethernet cable
- **Integrates with RoamAlert®:** MyCall software displays alarms from the RoamAlert wander prevention system
